21 September 2020

To all Seasons Bribie Island, Kallangur and Mango Hill residents and families

Re: Update to visiting arrangements

As promised last week, I have today reviewed the visiting arrangements for the Seasons communities at Bribie Island, Kallangur and Mango Hill.

As of tomorrow (22 September 2020), the following arrangements will apply:

- Residents will now be able to have visitors for up to 1 hour per day, with a maximum of two visitors at a time.
- Children under the age of 16 may also visit but will be counted in the total number of visitors.
- Masks must continue to be worn while onsite.

As always, visitors who come from one of the known “hotspot” areas and/or who are unwell for any reason are asked not to visit any of our Seasons Communities.

If residents need to leave the Community for attendance at medical appointments or to attend to essential shopping (groceries only), we ask that you take hand sanitiser and use a mask while out. If you could limit the time you are away as well, we would be most grateful.

The continued lack of community transmission in Queensland is good news, with the Chief Health Officer likely to reduce restrictions on aged care services later this week. Once this occurs, we will be able to reduce these restrictions even further.

Thank you again to all our residents and their families who have been so patient and accepting of the restrictions as they have stood for the last month or so.

If you require any further information, please contact your Community Manager or email me on [health@seasonsagedcare.com.au](mailto:health@seasonsagedcare.com.au).

Yours sincerely

Tracey Silvester  
CEO
